

Notes from 16th January CIRPS meeting

Panel Network of Networks for Sustainability Science (Naso among panelists)

1. Enlargement of the Network:
 - Governance
 - Joint Activities (Research projects? Exchange of researchers? Visiting professors?)
 - Circulation of information

2. Proposals
 - Draft a Programme for next 5 year period
 - “Travelling Master” on Sustainability
 - Linking to their PhD Course? How?

Panel Sustainability Science for Industry (FO among panelists)

1. Riconversione industriale in chiave ecologica:
 - Interventi sui processi in chiave eco-compatibile (retrofit, interventi per migliorare l'esistente)
 - Interventi sui prodotti (nuova industria eco-compatibile) Efficienza energetica
2. Effetti della crisi economica verso un riequilibrio attraverso la riduzione dei consumi e un conseguente riduzione delle emissioni
3. Aiuto/ Investimento (Investimento sulla ricerca e sul futuro piuttosto che aiuto all'esistente)
4. Relazione tra crisi economica e progetto Scienza della Sostenibilita`
5. Scienza della Sostenibilita` rispetto a Sviluppo, Sostenibilita` e Crisi
6. Nuova frontiera aperta da Obama discorso di Obama su Climate change and energy
